## **Reminders:**

For those client-facing associates, we're pleased to share that members from the HR Compliance Operations team (formerly Employment Requirements) will be at each Kansas City based flu event to document your flu vaccine information and answer any questions you may have about your required tasks. If you are unable to attend a KC-based event, please be sure to send a record to HR Compliance Operations (formerly Employment Requirements) by logging a ticket. Please [visit Grody on the uCern Wiki page](#), if you have any questions.

*Primary members participating in [Health Living with Rewards](#) should self-report their flu vaccine within the [Health at Cerner Portal](#) PRIOR to the 2017 program close on November 30, 2017 to ensure the appropriate points are awarded for a completed flu vaccine.
